Dear sir

Its very unfortunate that despite of several reminders and requests made to your office and to your departments related to my complains as per attached mails their is no action. TI Karan Dutta SDO mcj Jalandhar regarding my complain. But later on he never responded nor attended our complain. Even DAINIK BASKAR NEWSPAPER has also published our complaint. I fail to understand when the government authorities are not listening to the complains of citizens than what is government for ?

Dear sir

With reference to attached mail the complaint regarding blocked sewer line and contaminated water supply still remains unattended. Please note that the residents of our locality as per attachment.

Further the residents of our locality have lots of expectations from existing government as earlier no action was taken by the previous ruling party / government. I again request confrontation. As the residents have decided to go up to any extent to fight for their genuine rights.

Deepak Kaul
