Dear Sir,

In context with my requests to repair drain system as well as street of our area. Its very shameful that my continue requests are making no effect on your irresponsible behaviour. My property is getting damaged by every passing day and you are just seeing it shamelessly. I am making request for last many years orally and by mail to area counselor as well as govt. appointed EO, garhiwala, hoshiarpur, punjab (Randhir). Every time getting a promise to repair them and as usual no action at all. I am old lady in my mid 70's. You people have no respect for senior citizens at all. You can judge my anger and my frustration with your completely irresponsible department. Unable to understand why government has appointed such departments when they have no concern with public grievances.

Hoping a positive response from you and a action too. As your irresponsible behaviour creating trouble for me and damaging my property.
