Dear concerned

Five minutes of rain creates this havoc. Look at human shit floating in the street. Is it SWACHH BHARAT?

Dear concerned

Kindly go through attached mails sent by me on various dates.
It is really heart breaking to remind you that status of my complaint dtd 07/08/2018 is still REMINDER SENT TO CONCERNED DEPT. at your end.

I think replacing a broken manhole lid must be under 'minor work' category as per your departmental norms. If this takes more than a month I fear what might be the fate of us in case of any major problem.
